UPS

Online UPSs 10-20kVA

- Double conversion with 0ms transfer time
- Green power design, output PF up to 0.9:
- 192V/ 216V/ 240V battery voltage configurable for 15~20 kVA:
- ECO mode available, efficiency up to 98%
- Parallel function for N+X redundancy (Up to 3 UPS)

Intelligent Ink Stirring Tank

- Double conversion with 0ms transfer time
- Green power design, output PF up to 0.9:
- 192V/ 216V/ 240V battery voltage configurable for 15~20 kVA:
- ECO mode available, efficiency up to 98%
- Parallel function for N+X redundancy (Up to 3 UPS)

Industrial Blower

High Pressure Positive Blower

- Variable frequency control to adjust blowing rate,
- Blower adopts thermal spray treatment process,
- Nano-coated filter element to ensure filtration precision and service life:
- Special sealing treatment at all joints

CENTERING TABLE

High Pressure Positive Blower

- Available in multiple sizes, customized according to customer needs
- LS-3060---300mm*600mm Ceramic Tile
- LS-8080---800mm*800mm Ceramic Tile
- LS-60120---600mm*1200mm Ceramic Tile

PRINthead CLEANER

- DIMATIX 1024,XAAR,SEIKO 1536
- Hydraulic system with gas-liquid constant pressure mixing cleaning function.
- Constant temperature setting.
- eCyclic timed cleaning function.
- Support up to 10 heads cleaning per time

PRINthead TESTER

- Available: DIMATIX 1024,XAAR, SEIKO 1536
- Support 1~3 printheads for simultaneous printing test (depending on the width of the printhead)

SPARE PARTS SUPPLY CENTER
